Alberta Utilities Commission

September 28, 2020 Disposition 25898-D01-2020

AltaGas Utilities Inc.
5509 45 St.
Leduc, Alta. T9E 6T6

Attention: Jennifer Coleman, Senior Regulatory Specialist

AltaGas Utilities Inc.
Default Rate Tariff
Gas Charge – October 2020
Proceeding 25898

1. AltaGas Utilities Inc. (AUI) submitted its monthly filing on September 24, 2020, with the Alberta Utilities Commission for its proposed gas cost recovery rate (GCRR)[1] for the month of October 2020. The proposed GCRR was $2.261 per gigajoule (GJ).

2. The AUC has reviewed the filing and accepts that the proposed GCRR was calculated on a monthly flow-through basis in accordance with Section 3(5) of the *Default Gas Supply Regulation*, and in accordance with the directions previously issued to gas utilities by the Alberta Energy and Utilities Board, predecessor to the AUC, in Decision 2001-75[2] and, more specifically to AUI, in Decision 2002-036.[3] Consequently, the AUC acknowledges for AUI the GCRR of $2.261/GJ, as set out in Rate Rider D, which is to be applied to the energy sold to all sales service rates unless otherwise specified by specific contracts during October 2020.

3. As directed in Decision 2001-75, interested parties will be provided with a 30-day review period following the filing of each monthly GCRR in which to raise any concerns with the GCRR, price and volume forecasts, and prior period reconciliations.

4. The Commission may, within 30 days of the date of this disposition and without notice, correct typographical, spelling and calculation errors and other similar types of errors and post the corrected disposition on its website.
