ENMAX Downtown District Energy Centre disposition application

Proceeding 26163 ENMAX Corporation

The Alberta Utilities Commission, the independent utilities regulator, will be considering an application by ENMAX Corporation, as a designated owner of a public utility, for a declaration that its proposed disposition of the ENMAX Downtown District Energy Centre is exempt from the application of Section 101(2)(d)(i) of the *Public Utilities Act* or, in the alternative, an order approving the sale or disposition by ENMAX Corporation. If you feel you may be affected by this application, you can provide input to the AUC to review before it makes its decision.

Written submissions are due January 4, 2021.

To register your concerns, or your support for the application, please visit the AUC website and log in to the eFiling System to file your submission for Proceeding 26163. If you do not have access to the internet, send your name, address, phone number, organization you are representing, description of your interest in the proceeding, position including information in support of the position and reasons why the AUC should decide in the manner recommended, and whether further process is required. If no written submissions are received, the Commission may make its decision without further notice or process.

To learn more about the application and review process, contact: Brady Edwards at 403-592-4372 or email your questions to brady.edwards@auc.ab.ca.

The application, and any associated documents being reviewed, are publicly available on our website. Alternatively, you may contact the applicant's representative, Janene Taylor, at 403-514-2731 or by email at jtaylor@enmax.com for further details about what is being applied for, or for a copy of the application.

Privacy

To support an open and transparent process, information you send to the AUC will be publicly available through the AUC's eFiling System. If there is confidential information you would like to file, a request must be made in advance of filing your submission.
