

Notice of application

Chappice Lake Solar Project

Elemental Energy Renewables Inc. has filed an application to amend the previously approved solar project in the Bowmanton area

Proceeding 26213
Application 26213-A001

The Alberta Utilities Commission (AUC), the independent utilities regulator, will be considering the power plant amendment application in Proceeding 26213. If you feel you may be affected by this application you can provide input to the AUC to review before it makes its decision.

Written submissions are due February 10, 2021.

The project was previously approved by the Commission on September 8, 2020. Elemental Energy Renewables Inc. has applied to add a 3.6-megawatt/10-megawatt hour battery to the project for energy storage. The battery is proposed to be located within the existing project footprint. Elemental Energy Renewables Inc. also finalized its selection of solar panels, racking system and inverter/transformer station. Elemental Energy Renewables Inc. stated that the impacts from the final selection of equipment for the project are the same as those considered by the Commission in its previously approved application. The application has been filed under the *Hydro and Electric Energy Act*.

Additional information about the application

The application and any associated documents are publicly available and can be accessed from the eFiling System on the AUC website www.auc.ab.ca. Alternatively, for more information about what is being applied for, or for a copy of the application, please contact:
