2021-2024 energy price setting plan application

Proceeding 26316 EPCOR Energy Alberta GP Inc.

The Alberta Utilities Commission, the independent utilities regulator, will be considering the application for EPCOR Energy Alberta GP Inc.'s (EPCOR's) 2021-2024 energy price setting plan (EPSP) to ensure that the delivery of Alberta's utility service takes place in a manner that is fair, responsible and in the public interest. If you feel you may be affected by this application, you can provide input to the AUC to review before it makes its decision.

EPCOR has filed an application requesting approval for its 2021-2024 EPSP. Written submissions are due March 8, 2021.
