

# Notice of applications Enterprise Solar Project

Renewable Energy Systems Canada Inc. has filed applications for a solar power plant and substation near the town of Vulcan

**Proceeding 26322  
Applications 26322-A001 and 26322-A002**

The Alberta Utilities Commission (AUC), the independent utilities regulator, will be considering the power plant development applications in Proceeding 26322. If you feel you may be affected by these applications you can provide input to the AUC to review before it makes its decision.

**Written submissions are due March 29, 2021.**

Renewable Energy Systems Canada Inc. (RESC) has applied to construct and operate a 100-megawatt solar power plant, designated as the Enterprise Solar Project, and a substation, designated as the Enterprise 1070S Substation.

The power plant would be located within sections 26 and 27, in Township 16, Range 25, west of the Fourth Meridian, approximately four kilometres southwest of the town of Vulcan. The substation would be located within the boundary of the proposed power plant, within the southwest quarter of Section 26, Township 16, Range 25, west of the Fourth Meridian. The applications have been filed under the *Hydro and Electric Energy Act*.

**Additional information about the applications**

The applications and any associated documents are publicly available and can be accessed from the eFiling System on the AUC website [www.auc.ab.ca](http://www.auc.ab.ca). Alternatively, for more information about what is being applied for, or for a copy of the applications, please contact:
