2023 Generic Cost of Capital

Proceeding 27084 Alberta Utilities Commission

The Alberta Utilities Commission, the independent utilities regulator, has initiated a proceeding to consider the 2023 Generic Cost of Capital and explore a formula-based approach to cost of capital on a go-forward basis. For additional details, please see the Commission's correspondence¹ dated January 3, 2022. If you feel you may be affected by this application, you can provide input to the AUC to review before it makes its decision.

Filing of statements of intent to participate are due January 21, 2022. Stakeholder submissions on the Commission's proposal for 2023 return on equity and equity ratios are due February 9, 2022.

To register your concerns, or your support for the application, please visit the AUC website and log in to the eFiling System to file your submission for Proceeding 27084. If you do not have access to the internet, send your name, address, phone number, organization you are representing, description of your interest in the proceeding, position including information in support of the position and reasons why the AUC should decide in the manner recommended, and whether further process is required. If no written submissions are received, the Commission may make its decision without further notice or process.
